Wooden Mallet Magazine/Literature Displays

Solid oak with matching laminate backs and clear acrylic fronts

Curved pocket design keeps contents upright

Beautiful displays neatly hold literature, brochures, and magazines. Racks are specifically designed to hold contents upright without allowing corners to curl over. Clear corner supports combined with curved tilted faces keep even light, single sheet literature standing straight. 9"W pockets overlap allowing for multiple pockets without wasting space. Solid oak sides and clear acrylic fronts. Pamphlet Dividers (L) accommodate the display of smaller brochures. Simply snap onto acrylic fronts to separate each pocket into two 4"W pockets. Dividers are easily added and removed to meet changing needs. Light assembly required.
